Group Leaders:

We expect group leaders to actively supervise their group. Please have a 1 to 10 ratio for children over 5 years old. For younger children, a ratio of 1 to 5 children is expected. Large groups will receive a rule orientation by our lifeguard supervisors. Any discipline problems will be brought to your attention. Our First Aid room is located down the first hallway in the building on the right as you enter the Park. Please talk to a lifeguard if you need assistance. If you have any children with special needs, please let us know at check-in.

Healthy Swimming:

- You may wish to visit www.cdc.gov/healthyswimming for information from the CDC about healthy swimming. Please review these points with your group.
- Anyone experiencing diarrhea is not allowed in any of the pools.
- Do not bring sick children to the park
- Do not drink the pool water.
- Make sure the children take frequent bathroom breaks-wash your hands!
- Change diapers in the changing areas, not on the tables or furniture.
- Approved swim diapers are required for any child not potty trained.
- If there is a fecal accident in a pool, that pool will be closed for approximately 1 hour. The rest of the park will remain open. Rain checks are not issued.

Weather Notes:

It may rain while you are here! The pools will be closed temporarily during a thunderstorm or heavy rains. If the storm passes quickly, we will re-open. If pools are closed for a continuous hour, the park will close for the remainder of the day. Rain checks will be issued to the group leader for the total number of guests at check-in. Group leaders are responsible for distributing them. Rain checks can be used any day during the same season and do not have to be used as a group. No refunds will be given. If we experience bad weather after your group has already left for the day, you will not be eligible for rain checks as your outing was not affected by the park closing later that day.
